USMS SCREENED

To: Clerk of Court Robert M. Pinnell

From: SIGNED POTUS & Lt. Commander Gary A. Walker II

Reason for Contact: By Admiral Law of Exit Strategy you as a clerk must abide by all SS laws regarding refusal to help me obtain first Grand Amr Intention Clerk application. And if I invoke my motion Right To Leave Premium if you do not help me on a replacement gallman's filing then you forfeit your ability to leave the premises of your office until you have helped me because you can refuse only once you're fired after you've held liable for refusing a gallman and a veteran, military member, or military family member able to receive it.

Now the gallman's work at hand? I would like to receive & file in court if you do not receive the prior as one you feel like doing another application from the SS office or more I am entitled to even while incarcerated. There is two of them:

1. Application for Radiant Pay of a SIGNED POTUS,
2. Application for Content Pay of a Commander in the Armed Forces.

Please obtain & send this to me, & IF you wish to even send the Grand Amr 2 Guidance Clerk application so you can keep your nose clean & if you help me ~~and~~ active duty member of the Armed forces please do so.

U.S. DISTRICT COURT
DISTRICT OF MASS.

Reason for Contact:

I recently tried to get you to hear trial as an appeals judgehip yet against me [you refused]. I can understand why one might not want to do so as it was highly public, controversial, plus it isn't transferred at her. But perhaps since you could not do re the lower, perhaps you can allow a gentleman's action in court?

As a pro se individual I would like to obtain through the courts in Boston an application from SS Affirmative Action Office the Grandfather Clause Entitlement from The Dept of the Disabled or Rehab. This application is for military families to claim the retirement pension or disability benefits of a grandpa-grandson relationship as an inheritance - NOT as disability or SSI or SSA but the Grandfather Clause application, receivable benefits even while in prison. Also the motion is for, by Amnesty Law of the Exoneration follows:

Entitlement Protocol, you to conduct a search to find the said application & submit it to me by mail so I can by Financial Transfer Consent have it deposited into the Trust Fund

first. Let me know.
